IJNS is organized by the ACEEE. The ACEEE- (pronounced as A C triple E) members include research and development center heads, faculty deans, department heads, professors, research scientists, engineers, scholars, experienced software development directors, managers and engineers, and university postgraduate and undergraduate engineering and technology students, etc. The Association of Computer, Electronics and Electrical Engineers (ACEEE) also welcomes all the Engineering and Technical Corporate Organizations, Colleges and Universities to join us to exchange information and ideas; in according with our objective to facilitate.

The main goal of ACEEE is to serve as an association for stimulating and guiding its members to formulate the general goals and responsibilities to build the research and development activities in the field of Engineering for the service of mankind and the advancement of general welfare.

We welcome paper submissions. Prospective authors are invited to submit full (and original research) papers (which is NOT submitted/published/under consideration anywhere in other conferences/journal) in standard ACEEE double column electronic (PDF only) format via email at [aceee.ijns@engineersnetwork.org](mailto:aceee.ijns@engineersnetwork.org)

All the accepted, registered papers will be assigned with an unique Digital Object Identifier and will be archived in the Search Digital Library.
